

REMARKS

In the Notice of Allowance issued by the U.S. Patent Office in the above-identified patent application on June 24, 2005, claims 95 and 96 were allowed.

Applicant proposes that new claims 97-104 be added to the application. Each of new claims 97-100 depends directly from allowed claim 95. Each of new claims 101-104 depends directly from allowed claim 96.

Therefore, Applicant submits that the addition of claims 97-104 to the application does not broaden the scope of allowed claims 95 and 96, nor does the addition of claims 97-104 to the application require any material additional work on the part of the Patent Office.

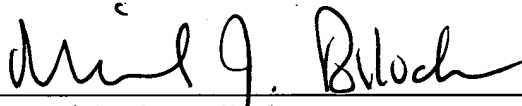

Therefore, entry of this Proposed Amendment under 37 CFR 1.312 is requested.

This paper is filed prior to the payment of the Issue Fee in this application.

Respectfully submitted,
